**COMPLETE RANGE
OVERVIEW**

MK1033CW-1

Power	Diesel/Diesel-electric
Capacity	0.995t x 1.3m
Lifting Height	11.3m x 605kg
Working Radius	9.9m x 180kg
Reach Below Ground	66.5m
Dimensions	2900 mm x 750 mm x 1955 mm
Weight	2,290kg/2,370kg

MK3053C

Power	Diesel-electric/ Lithium battery
Capacity	2.98t x 1.8m
Lifting Height	16.95m x 610kg
Working Radius	14.3m
Reach Below Ground	4 falls 13m Single fall 56m
Dimensions	3195 mm x 780 mm x 1945 mm
Weight	CE 2.900 kg, CB 2.900 kg

MC285C-3

Power	Diesel/Diesel-electric/ Lithium battery
Capacity	2.82t x 1.4m
Lifting Height	8.7m x 550kg
Working Radius	8,205m x 150kg
Reach Below Ground	40,4m
Dimensions	2,750mm x 750mm x 1,470mm
Weight	1,990kg/2,160kg/ 1,995kg

Kranlyft Group

MC305C-5

Power	Diesel/Diesel-electric/ Lithium battery
Capacity	2.98t x 2.5m
Lifting Height	12.52m x 790kg
Working Radius	12.16m x 260kg
Reach Below Ground	64.36m
Dimensions	4,110mm x 1,280mm x 1,695mm
Weight	3,970kg/4,110kg/3,975kg

MC405C-5

Power	Diesel/Diesel-electric
Capacity	3.83t x 2.7m
Lifting Height with Fly-jib	16.8m x 1130kg 20.7m x 520kg
Working Radius	16m x 210kg
Reach Below Ground	82m
Pick and Carry	500kg
Dimensions	4980mm x 1380mm x 1980mm
Weight	5,640kg, 5,790kg

MC815C

Power	Diesel/Diesel-electric
Capacity	8.09t x 2.4m
Lifting Height with Fly-jib	19.6m x 2390kg 25.5m x 1000kg
Working Radius	18.8m x 340kg
Reach Below Ground	126m
Pick and Carry	1000kg
Dimensions	5900mm x 1670mm x 2490mm
Weight	9,460kg/9,700kg

... consider the possibilities

CC423S-1

Capacity	2.93t x 1.5m
Lifting Height	9.46m x 1,190kg
Working Radius	8.38m x 200kg
Reach Below Ground	66.8m
Pick and Carry	1,465kg
Dimensions	4,020mm x 1,740mm x 2,495mm
Weight	4,400 kg

CC985S-2

Capacity	4.9t x 2.1m
Lifting Height	16.5m x 1,400kg
with Fly-jib	20.2m x 430kg
Working Radius	14.67m x 200kg
Reach Below Ground	100m
Pick and Carry	2,000kg
Dimensions	5,190mm x 2,320mm x 2,730mm
Weight	9,510 - 10,370 kg

CC1485S-2

Capacity	6.0t x 2.6m
Lifting Height	16.70m x 2,600kg
with Fly-jib	22.0m x 820kg
Working Radius	16.10m x 430kg
Reach Below Ground	103.5m
Pick and Carry	2,000kg
Dimensions	6,560mm x 2,490mm x 2,865mm
Weight	14,560kg - 15,540kg

CC1908S-1

Capacity	8.1t x 2.8m
Lifting Height	20.1m x 2,390kg
with Fly-jib	26.0m x 820kg
Working Radius	16.10m x 430kg
Reach Below Ground	148.8m
Pick and Carry	3,500kg
Dimensions	7,380mm x 2,490mm x 3,015mm
Weight	19,400kg - 20,350kg

WELCOME TO THE WORLD OF MAEDA MINI CRANES

Time and time again these innovative machines are proving their worth. From panelling and cladding, through the full spectrum of glass handling to restoration projects, specialist lifting applications or on tight corners on domestic and construction contracts, each crane delivers a capacity and reach equivalent to a much larger crane.

The smaller cranes in the range get in to places you wouldn't have dreamt possible. They are slender enough to fit through a standard doorway and house enough power to complete heavy lifts once in place, all the while retaining excellent maneuverability and flexibility. These cranes are providing fantastic results out in the field and are quickly becoming recognized as the "must have" new product for both hire companies and construction companies amongst many others.

New uses for these products are being found daily and in all applications end users are seeing both time and cost saving benefits. Whatever your industry, these Mini Cranes will simultaneously both meet and exceed your needs.
